

An illustration of a classroom scene. In the top left, two bees are on a honeycomb. In the top center, a snail is visible. Below the snail, a large orange is shown with green leaves. In the background, a chalkboard displays mathematical formulas: $\frac{672 - 122}{16}$, $\int_a^b ax$, $\sqrt{542}$, ϕ , $-64x - 54y$, and $16(x-2)^2 - 9(y-3)^2 - 144$. In the foreground, a teacher in a white lab coat is pointing at the chalkboard, while two students, a boy and a girl, look up at the board. A large blue banner with white text is overlaid across the middle of the image.
